

Dear Member,

The health of our members is of utmost importance; as the COVID-19 outbreak is posing an ever increasing risk, all competition and practice shoots have now been removed from the calendar until further notice.

**All Branch Meetings are cancelled!**

The range is still open for maintenance and meetings and may be used by QPS and QCS according to the schedule.

Please be reminded that the range is a 'no lone zone' and at least two people need to be present at all times. Part 4 sec C of Range SO still applies; meaning the RO in charge is responsible and has the power to enforce all rules.
